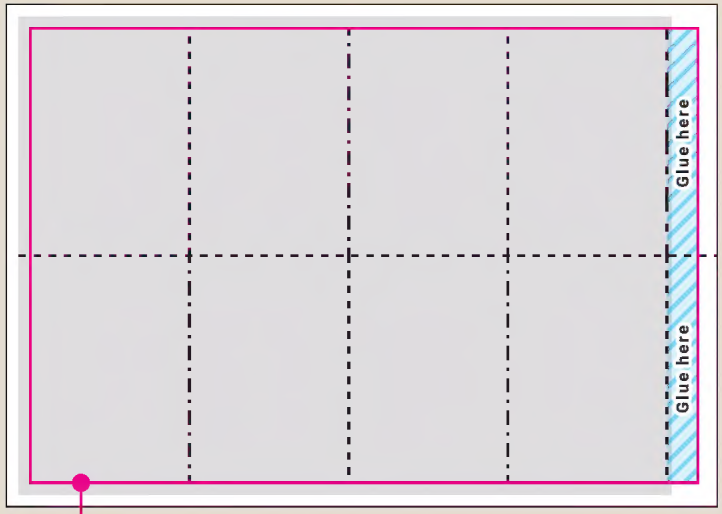
How to create your own hotel pamphlet

Please print out the downloaded PDF onto A4 paper. If you put it together with the instructions listed on the right, you'll have a small pamphlet that fits inside the game case.

What you'll need:
- Scissors
- Glue or a glue stick

SAFETY FIRST!

Ask a grown-up to help you assemble the hotel pamphlet.



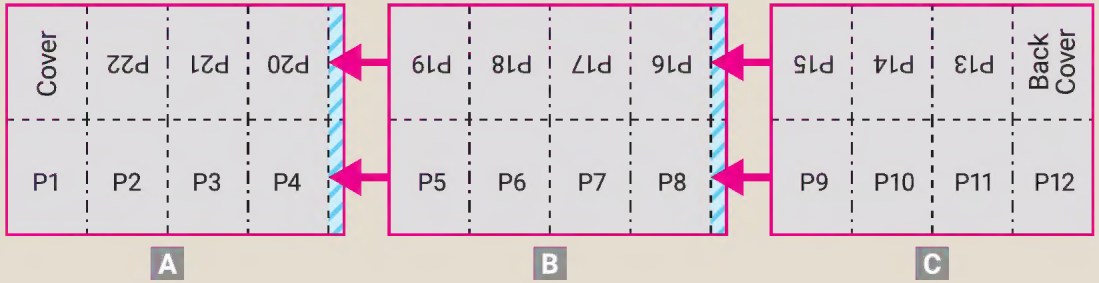
Cut along this line

Mountain fold line

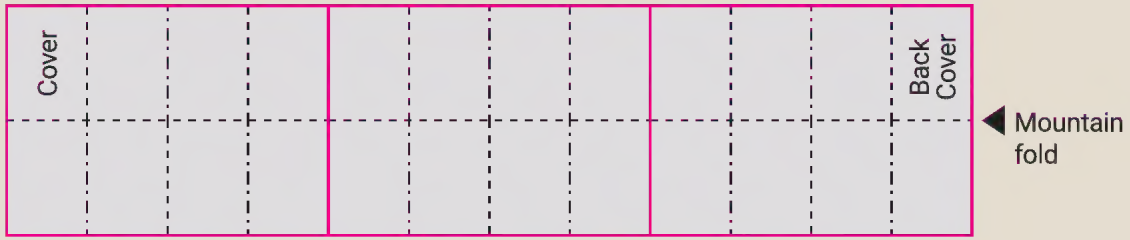
Valley fold line

Glue in these areas

1 After cutting out the 3 sheets along the pink lines, stick them together with glue.



2 Fold the 3 connected papers horizontally in half.



3 Fold the half-folded papers into an accordion shape.

It's easier to do this if you apply glue to the back of the folded paper.
